Department of Science and Technology: 90 students

I . Global Admission

1. Eligibility

Individuals who will be resident in Japan by March 31, 2019, and correspond to any of the following (1) ~ (6):

- (1) Individuals who have graduated from a Japanese junior high school or who are scheduled to graduate in March 2019
- (2) Individuals who have graduated from a Japanese educational institution of compulsory education other than a junior high school or who are scheduled to graduate in March 2019
- (3) Individuals who have completed the lower division of a Japanese 6-year secondary school or who are scheduled to complete it in March 2019
- (4) Individuals who have completed nine years of formal education at educational institutions outside of Japan or who are scheduled to complete it by March 31, 2019.
- (5) Individuals who have completed an educational program provided by an educational institution outside of Japan which is recognized by the Minister of Education, Culture, Sports, Science and Technology of Japan as being equivalent to the education program of a Japanese junior high school or who are scheduled to complete it in March 2019
- (6) Individuals who have reached an appropriate age and have been determined to have an academic ability equal to or higher than that of such a graduate

2. Selection Method

Selection is based on comprehensive assessment of an essay, an interview (20 min/person), and the application documents.

3. Examination Schedule and Venues

Category	Application period (postmark deadline)	Examination date	Announcement of results	Admission procedure deadline (postmark deadline)
