

International College of Technology, Kanazawa 2020 Application Guide for Admission

Global Admission

- * Please contact the Admission Center before applying.
- * There is a separate guide for Admission for Japanese Who Have Studied at Overseas Schools, General Admission, and Admission Based on Self-Recommendation.

2020 Admission Policy

The mission of International College of Technology, Kanazawa is "To educate leaders of global innovation." We ask students, the executive board, faculty, and staff to be conscious of and respect the KIT IDEALS shared by our school community while striving to improve ourselves and develop our school community. In addition, to build the foundation to be global innovators, the 1st and 2nd year students reside on campus to cultivate character and interpersonal skills, and the 3rd year students are obligated to study abroad for a year.

We are seeking students who agree with the philosophy and educational methods described above and have:

1. Solid basic academic skills and interests in science, technology, design (finding and solving problems), and innovation (creating new value)
2. A strong interest and inquiring mind in activities in global society and hope to enhance communication skills in English
3. A desire to actively contribute to society and communities

In addition to General Admission and Admission Based on Self-Recommendation, we will conduct Global Admission and Admission for Japanese Who Have Studied at Overseas Schools to recruit diverse students. In each admission process, we conduct an interview exam to select independent, ambitious students with good team skills.

The selection process is based on comprehensive assessment of the exams and application documents specified in each admission category.

KIT-IDEALS

K	Kindness of Heart We show compassion toward others, are helpful and considerate, and sensitive of others' feelings. When we show a sympathetic nature, we are rewarded by the feeling and kindness.
I	Intellectual Curiosity We pursue things of interest to our intellect, follow our passion for learning and use our discoveries for the benefits to others.
T	Team Spirit When working with others on a team, we value each member's role. We look beyond our individual accomplishments to contribute toward the common goal.
I	Integrity We adhere to high moral and ethical principles. We are fair, reliable and trustworthy. Our personal code of values complements our school community's code of values.
D	Diligence With constant and earnest effort, we set out to accomplish what we undertake to the best of our ability. We use our time wisely and put care into all we do.
E	Energy We tap all our potential energy and make positive use of our energy to produce greatness. We recognize and accept the limits of our own capabilities to maintain a healthy balance.
A	Autonomy We strive to be independent, and self-sufficient. We respect the autonomy of the individual.
L	Leadership When working with others, we share leadership roles and accept all the rights and responsibilities that are inherent in the position.
S	Self-Realization We work toward achieving the highest good for all by fully realizing our own potential and natural abilities as we strive to become our ideal self.

International College of Technology, Kanazawa
